EEO Case On Behalf Of Hispanic HUD Employees

AFGE Council 222 has been advised of a class action EEO complaint that has been filed on behalf of Hispanic employees at HUD. Although we are not a party to the action, we are trying to determine if this is a matter of concern to our bargaining unit members.

This case concerns discrimination that may have occurred since August 1, 2005, in hiring, promotions and details. If you are aware of discrimination against Hispanic employees at HUD during this time period, please complete the attached survey and return it as soon as possible to Irene Facha, Regional Vice President, Region 3.

For more information on the class action, please go to <http://www.gohispaniceeo.com/>.

In solidarity,

Carolyn Federoff
President, AFGE Council 222
