I'm also interested in Cynthia's old workstation if someone outranks me for LaTonya's. Thanks.

Good day – with DRP II departures this week, this creates vacant seating in our Knoxville and Nashville Field Offices. As FPM is responsible for assigning workstations, reaching out to determine if there is any interest from managers and BUE's in moving to workstations that have become vacant. If you have interest, please respond to myself and AO Ken Hamilton, copied here, so we are aware of the workstation to which you have an interest in relocating. For BUE's, there is a process in the CBA we follow in Article 49, Section 49.03, (5) Moves, that requires a notification to the Union. Know that this will take Ken and I some time to pull together and we will be working with Jenny in Knoxville and Carnethia in Nashville if interest is received. Some employees, such as FPM, are seated in specific areas for customer service purposes and will remain in those workstations.

No response is needed if you are good with where you are presently seated.

Thanks,

Walter Perry

Mr. Perry and Mr. Hamilton

I'm submitting a relocation request from my current workstation which is located near the office shredder to Stephanie Kings former workstation. If you need any additional information from me regarding this request, please contact me.

Thanks
