Hi Eric,

I can, but the meeting has concluded. And you are absolutely correct, I did commit to that, and we have adjusted our process moving forward, but failed to look back at the notices which already went out. This one went out on May 29, and I acknowledge we dropped the ball. We have now reviewed all of our prior notices and there are no more formal discussions pending at this time. So our process changes moving forward will ensure proper notice with the virtual invites does get to the appropriate Union representatives in time to attend. Please accept my sincerest apologies again. I am committed to getting this right so you are able to completely represent your constituents at these formal discussions.

Respectfully,

Dan

Dan,

Can you forward everyone else the link… although the meetings is scheduled to be about over? These are the instances I suggested could be avoided by simply including the Union Representatives in the same Calendar Invitations that employees receive. ELR did commit in your June 11, 2025, email that ***"We have adjusted our process to ensure proper notice including virtual invites get to the appropriate Union representatives in time for the representatives to attend."***

Regards,

Eric M. Jackson,
